MS ROALD AMUNDSEN

MS Roald Amundsen, our first hybrid explorer ship and sister ship of MS Fridtjof Nansen, features top quality expedition equipment, including Blueeye underwater drones, kayaks and explorer boats for landings. Guests can work out in the onboard gym or running track and enjoy the scenery through panoramic windows. For dining, MS Roald Amundsen offers three fantastic possibilities: Lindstrøm, our exclusive restaurant; Fredheim, featuring fine international cuisine; and Aune, our main dining option. Best of all, the Science Center is packed with high tech equipment and learning tools, and is a great place to meet, mingle and deepen your understanding of the places we explore.

On board activity highlights:

Lecture Programme, Young Explorer, Photography Workshop, Amundsen Science Center.
