MS FRIDTJOF NANSEN

MS Fridtjof Nansen, the sister ship of MS Roald Amundsen, features a wide variety of custom-built expedition equipment, including a fleet of Blueye underwater drones, kayaks, paddle boards and large inflatable explorer boats for landings in otherwise inaccessible destinations. On board, guests can relax in the Wellness area, work out in the gym or use our top deck running track and enjoy the scenery through panoramic windows. MS Fridtjof Nansen offers three fantastic dining possibilities: Lindstrøm, our exclusive restaurant; Fredheim, featuring fine international cuisine; and Aune, our main dining option. The onboard Science Center provides a great forum for learning or you can relax in the comfortable ambiance of the public lounges eloquently decorated using natural Scandinavian materials.

On board activity highlights:

Lecture Programme, Young Explorer, Photography Workshop, Nansen Science Center.
